

2023 IMPACT REPORT

No puppy or dog should ever lose their life over food shortages at a shelter. That's why we exist. The Puppy Food Bank is a virtual pet food bank with the sole mission to provide much needed food supplies to dedicated "no kill" pet rescue shelters across Texas. The funds we raise allow us to purchase and ship pet food directly to shelters, organizations, and approved foster families at no additional cost to them.

NOTABLE QUOTABLES

'Charming Pet Rescue is SO thrilled to have the food we need to come regularly from the Puppy Food Bank. It helps ensure we never have to do a desperate plea to our supporters for food, and instead we can ask them to support us with our overwhelming vet bills, especially for dogs who require more extensive vetting.' - **Charming Pet Rescue**

'Being a part of the Puppy Food Bank distribution has been a blessing for Roxxy's K-9 Rescue. Receiving pet food from the Puppy Food Bank allows us to increase our intake numbers by at least 45% knowing that we will not have to stress over how we are going to feed our puppies and dogs.'

The savings we are blessed with have allowed us to concentrate on paying our very high vet bill for the medically needy dogs we take in. We can make sure all our dogs are medically vetted properly and go to their newly adopted homes very healthy.' - **Roxy's K-9 Rescue**
