# IMPACT REPORT 2025

No pet should ever lose their life over food shortages at a shelter. That's why we exist. The Puppy Food Bank is a virtual pet food bank with the sole mission to provide much needed food supplies to dedicated "no kill" pet rescue shelters across America. The funds we raise allow us to purchase and ship pet food directly to shelters, organizations, and approved foster families at no additional cost to them.

*"Your ongoing contributions have helped ensure that every animal in our care receives consistent, high-quality nutrition. By easing the burden of food costs, your support allows us to direct more resources toward medical care, enrichment, and essential services for the pets and families we serve. The partnership with Puppy Food Bank has strengthened our ability to care for more animals, support community members in need, and further our mission of providing compassion and care to pets across our county."*

— Gayle Enochs, Humane Society of Mason County

Eleven states are receiving support from Puppy Food Bank. Texas, New York, California, Pennsylvania, Virginia, Florida, Arizona, North Carolina, Georgia, Washington, and Alabama.

## IMPACT SNAPSHOT

**42**

pet rescue shelters that have received support from Puppy Food Bank.

**4,264**

dogs and cats have been fed by Puppy Food Bank.

**307,883**

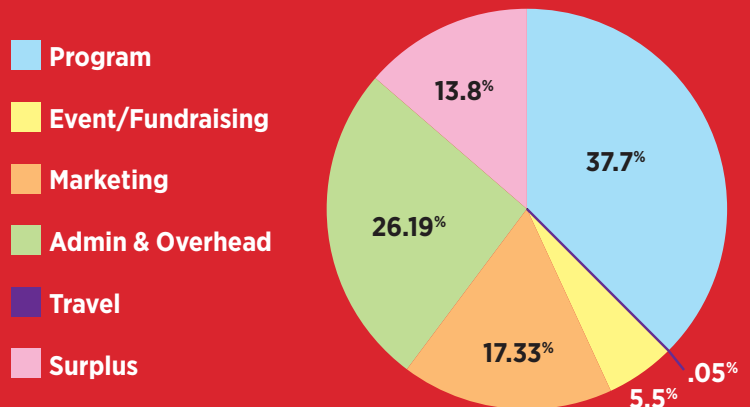

pounds of dog and cat food distributed.

**3,876**

number of caring donors that support our mission.

**We need thousands more!**

## HOW FUNDING WAS SPENT

*Thankfully, because Puppy Food Bank generously provides dog food donations, we've been able to redirect our dog food budget toward urgent medical needs instead. Their support has truly been a lifeline, allowing us to continue saying "yes" to dogs who need us most, even when their care becomes costly. We are deeply grateful for Puppy Food Bank's support and for the meaningful impact it has on every dog who enters our rescue program."*

— Katelyn Reckaway, Love and Puppy Paws
